

CM-1000 USB

palm-sized, omni-directional microphone

Let's get the meetings started!

We've got you covered!

The CM-1000 USB, slim, compact microphone provides a 360 degree pickup for optimal coverage and flawless sound transfer.

This mini Giant of a microphone is a “sounds sensible” solution for the recording of meetings, conferences, depositions, negotiations, dialogues and more. It's an indispensable ingredient to all your important meetings. Smaller in size, than the palm of your hand, the resilient CM-1000 USB stands firm with a non-skid, rubber surface.

Let the meetings be heard!

Let's talk about clarity!

The CM-1000 USB is engineered to provide unequaled sound delivery. Creative connections to conferencing clarity couldn't be any easier! Simply plug the USB cord into your computer, and... ***you're good to go!***

*for larger meetings,

and here!

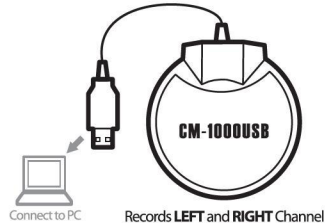

QuikFacts:

1. A slim and compact microphone with a 360 degree coverage.
2. On-board USB sound card provides high quality digital audio.
3. Features a 10 foot cord with a USB plug.
4. Easy setup and connection is entirely effortless.

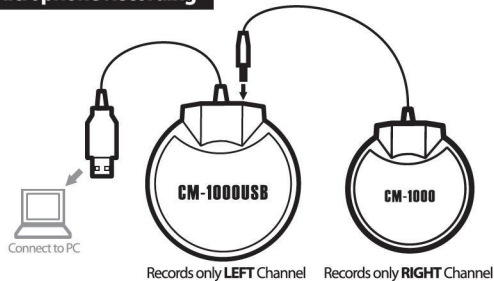

Let's talk about connectivity!

Single Microphone Recording

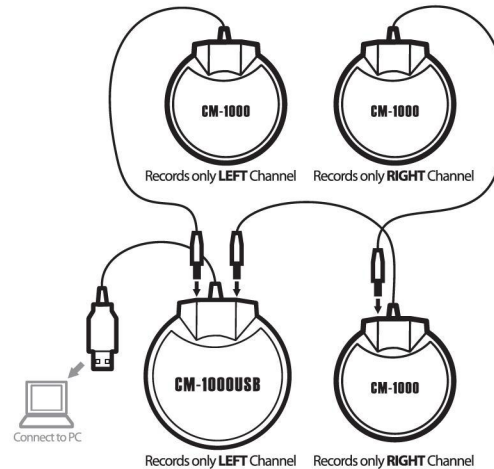

Two Microphone Recording

Microphone Configuration Guide

Four Microphone Recording

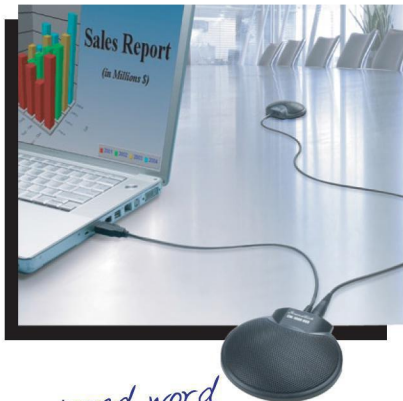

Note: Optional CM-1000 microphones are required for multiple microphone configurations.

For a meeting of two, to twenty, or more, the CM-1000 USB's daisy chain capability gives you maximum coverage from one end of the table to the other.
The **CM-1000 USB is clearly the smart connection!**

5. Low-profile design captures your voice and subtleties of all conversations.
6. Ideal for PC recording of meetings, interviews, conferences, depositions and more.
7. "Quick Connect" solution for VoIP PC Calling, Internet Chat and PC Gaming.
8. Stows away in its own pocket-pouch or accessory Conference-Pak.

The consummate conference colleague

*One missed word
can change the
outcome of your meeting*

The CM-1000 USB is your answer to portable microphone excellence. If you're looking for simplicity and compactness ... nothing could be simpler than the CM-1000 USB. There's no microphone stands to set up and adjust, no reels of cords to unravel and no glitches and worries about moving from one place to the other.

Nice and easy does it ... all the time.

The perfect travel companion

The CM-1000 USB travels in its own smart padded pocket pouch or in the new CM-1000 Conference Packet designed to hold your CM-1000 USB Microphone plus additional CM-1000 microphones and cords.

The choice for convenience is yours.
