## Optimize your workflow

with a professional document-creation solution

The Transcription Set is a digital document creation solution specifically designed to make transcription easy and intuitive. The ergonomic accessories and the innovative SpeechExec Pro workflow software let you manage your jobs easily.

### Comfortable and reliable

- Ergonomic design for comfortable use even when used over extended periods
- Fast and efficient playback control for quicker and more accurate transcriptions
- Lightweight stereo headphones for enhanced wearing comfort

### Enhance your productivity

- SpeechExec workflow software for efficient data management
- Priority setting for getting urgent recordings processed first
- Individual sort and filter options for easy file organization

### Designed for professionals

- Geared for Dragon NaturallySpeaking speech-recognition software
- Seamless integration into Philips digital dictation solutions

No 1 in SPS global customer satisfaction survey 09/2017.

# Highlights

## Ergonomic foot control

The foot control was developed in cooperation with hospital ergonomists and day-to-day power users to ensure a perfectly smooth transcription process with minimal physical strain. Magnetically controlled contact switches, rugged pedals and a waterproof design make it extremely durable and give the device and very long life.

## Fast and efficient playback control

Start, pause, rewind and fast-forward audio files with only a slight movement of the foot tip, keeping your hands free for uninterrupted typing.

## Professional headphones

Lightweight, under-the-chin-style stereo headphones designed to deliver excellent sound quality, with soft ear cushions for enhanced wearing comfort.

## SpeechExec Pro software

The SpeechExec Pro software organizes the workflow of dictation files and resulting documents between author and transcriptionist and allows you to monitor the status of your work.

## Priority setting

With the included priority-setting option, urgent recordings can be prioritized. This guarantees that important dictation files will be identified at a glance and get processed and delivered first.

## Individual sort and filter options

SpeechExec Pro Transcribe enables users to search for specific dictation files or filter their dictation list by user-definable criteria. Furthermore, the easy-to-use list-sorting options for single and multiple dictations guarantee a quick overview of dictation files.

## Geared for speech recognition

The seamless integration of Philips dictation recording devices and the direct interface to Dragon NaturallySpeaking Professional speech recognition software guarantee superb audio quality, high recognition accuracy, and easy hardware administration.

## Seamless integration

The transcription set can be seamlessly and easily integrated into existing Philips digital dictation solutions.

# Specifications

## Convenience

Configurable foot control  
Lightweight headphone design  
Clear job overview  
Geared for speech recognition  
Versatile audio player  
Playback speed control  
Automatic file routing

## Foot control

Connectivity: USB plug  
Product dimensions: 198 mm × 54 mm × 170 mm/7.8" × 2.1" × 6.7"  
Weight: 650 g/23 oz  
Waterproof design

## Headphones

Style: under chin  
Cable connection: one-sided  
Cable length: 3.0 m/10 ft  
Connector: 3.5 mm, stereo, right angled  
Acoustic system: open  
Magnet type: neodymium  
Diaphragm: PET dome  
Voice coil: copper  
Impedance: 2 × 32 Ohm  
Maximum power input: 2 × 10 mW  
Sensitivity: 103 dB  
Speaker diameter: 14 mm/0.6"  
Sound quality: optimized for voice playback  
Connector finish: gold-plated  
Weight: 53 g/1.9 oz

## System requirements for Philips

### SpeechExec software

Processor: Intel dual core or equivalent AMD processor, 1 GHz or faster processor  
RAM: 4 GB (64 bit)  
Hard-disk space: 100 MB for SpeechExec software, 4.5 GB for Microsoft .NET Framework  
Operating system: Windows 10 Pro/Enterprise (64 bit)  
Graphics: DirectX-compliant graphics card with hardware acceleration recommended  
Sound: Windows-compatible sound device  
Browser: Internet Explorer 9 or higher, or the current version of Chrome or Firefox  
Free USB port  
Internet connection  
Headphone output or speakers
